**To:** <wvogl@samhsa.gov>  
**Date:** 7/9/04 11:32AM  
**Subject:** Drug Testing in the Workplace

As one of an estimated 17 million Americans who suffer paruresis, otherwise known as shy bladder, I would like to express my deep concerns about the regulations which equate the inability to produce a urine sample with the refusal to do so. I urge the mandatory use of oral fluid, hair, or sweat tests for anyone who requests them, but especially for those asserting that they suffer from paruresis.

Sincerely,

Chris M
